Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses or suggests a helical ablation electrode comprising in part the combination of the following:

- a first end;
- a first portion extending from the first end and winding about a first diameter;
- a second portion extending from the first portion and winding about a second diameter smaller than the first diameter;
- a second end terminating the second portion;
- a fluid lumen extending from a location in proximity to the first end to a location in proximity to the second end in fluid communication with an exterior surface of the electrode; and
- a non-conductive tip around which the electrode winds,
- wherein an irrigation fluid passes through the fluid lumen of the ablation electrode to cool the electrode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
